Art Unit: 1647

**Non-Responsive Amendment**

1. The reply filed on 4-4-02 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicants have not complied with the Sequence Requirements as set forth in the Office Action of 10-4-01, Paper No. 20.

Specifically Applicants traverse amending Figure 2 under the basis that the sequences contained therein are either Enovin of Figure 1 or are known proteins of available databases. This is not persuasive however as all Patent Applications must comply with the Sequences Rules. The sequences of Figure 2 are greater than 4 amino acids in length and thus are required to comply with the Rules. The sequences of the Figure are required to be referenced by an appropriate SEQ ID NO. See 37 CFR 1.111.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

**EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

2. Any inquiry of a general nature or relating to the status of this general application should be directed to the Group receptionist whose telephone number is (703) 308-0196.
